Void Indigo:

Void Indigo Steve Gerber, Val Mayerik, 1984-07-01 **Steve Gerber** Jason Sacks, Eric Hoffman, Dominick Grace, 2019-06-27 Steve Gerber 1947-2008 is among the most significant comics writers of the modern era. Best known for his magnum opus *Howard the Duck*, he also wrote influential series such as *Man-Thing*, *Omega the Unknown*, *The Phantom Zone*, and *Hard Time*, expressing a combination of intelligence and empathy rare in American comics. Gerber rose to prominence during the 1970s. His work for Marvel Comics during that era helped revitalize several increasingly clichéd generic conventions of superhero horror and funny animal comics by inserting satire, psychological complexity, and existential absurdism. Gerber's scripts were also often socially conscious, confronting among other things capitalism, environmentalism, political corruption, and censorship. His critique also extended into the personal sphere, addressing such taboo topics as domestic violence, racism, inequality, and poverty. This volume follows Gerber's career through a range of interviews, beginning with his height during the 1970s and ending with an interview with Michael Eury just before Gerber's death in 2008. Among the pieces featured is a 1976 interview with Mark Lerer, originally published in the low-circulation fanzine *Pittsburgh Fan Forum*, where Gerber looks back on his work for Marvel during the early to mid-1970s, his most prolific period. This volume concludes with selections from Gerber's dialogue with his readers and admirers in online forums and a Gerber-based Yahoo Group, wherein he candidly discusses his many projects over the years. Gerber's unique voice in comics has established his legacy. Indeed, his contribution earned him a posthumous induction into the Will Eisner Comic Book Hall of Fame. **Howard**

The Duck Masterworks Vol. 2 Steve Gerber, 2023-05-17 You wanted more Howard the Duck? Well, you're getting more Howard the Duck! The *Marvel Masterworks* finishes off Steve Gerber's satirical masterpiece with classic quacktastic adventures starring the malcontent waterfowl and his gal pal Beverly. When Howard finds himself lost on the island of his greatest enemy, Doctor Bong, Bev faces an ultimatum: Become Mrs. Bong or the duck gets fricasseed. But things soon get worse for our feathered friend when he undergoes a monstrous transformation. The world isn't ready for Howard the Human. So it's time to go off planet in a space opera adventure that could only be called *Star Wars*. Joining Gerber for his history-making run is artist Gene Colan, rendering the hilarity on every page. May the farce be with you. **Collecting HOWARD THE DUCK** 1976 15 31 and ANNUAL 1 Selections from the Writings of Grish Chunder Ghose, the Founder and First Editor of the Hindoo Patriot and the Benglee Girish Chunder Ghose, 1912 Programming "Indigo" David Pallmann, 2005 Shows how to accomplish specific Web services tasks and prepare for the next wave of service-oriented development. This book is much more than a cookbook; in addition to procedures and code samples, each chapter includes detailed architectural guidance to help convey the big picture. *The Principles of the Bengal Tenancy Bill Legally Examined* Nuffer Chundra Bhatta, 1883
