Nep 2020: A New Era In Education Dr. Anuj Agarwal And Dr. Dheeraj Kumar Sharma, 2025-05-28 We live in a time of big change tech is growing fast and the world is more connected this new era brings chances problems and new ideas these changes affect our lives jobs and society the book new era looks at this changing time it gives insight into human progress it covers ai green tech and new social ideas it shows how these changes impact who we are and the future of work new era is about more than just new tech it is about how to think to guide the future it looks at where we are and where we could go it encourages talks and action during this unsure time the book asks you to think about your role in the future it asks you to welcome change it asks you to see chances that come when we plan for progress it calls on leaders thinkers and people to use this new era it asks them to create a future that embraces and guides change i am happy to share this book i hope it starts talks gives ideas and unites us to build the future dr anuj agarwal dr dheeraj kumar sharma *Happy U Olga*

Kabel, 2019-05-07 From an evolutionary standpoint our brains are wired to be suspicious and expect the worse This served us well in terms of the survival of the species but it doesn't work so well if you are trying to minimize the amount of stress and worry in your life Luckily within our same brains we have neurocircuitry dedicated to the feelings of peace contentment and joy This journal relies on recent developments in neuroscience and traditional yogic ideas to enhance each area of your life whether it's your health your work your relationships or your experiences of joy and contentment Contrary to popular belief yoga is not just about stretching or strengthening your body it is actually about directing your energy and clarifying your mind It also works really well for breaking the inertia of the daily grind and for helping you reassess who you are where you are in your life and where you want to be Another fundamental idea in yoga is that joy is the essence of who we are but our unruly thoughts emotions perceptions and reactions often obscure this joy It is up to us to sort through the clutter and reclaim our inner joy This journal contains 25 simple activities you can do to unearth your inner joy They include simple tasks reflections and occasional yoga practices to counterbalance the brain's negative bias and make a more positive outlook the new normal Some activities are only few minutes long others will involve simply looking at your hurdles in a new light and others will be full length yoga practices you get to pick what fits into your life right now These small steps have the potential to shift how your brain responds to obstacles and rewire it to experience the world from a calmer and happier place

**Aurobindo's Philosophy of Brahman** Phillips, 2023-03-27      **The Palgrave Handbook of Queer and Trans Feminisms in Contemporary Performance** Tiina Rosenberg, Sandra D'Urso, Anna Renée Winget, 2021-09-21 The purpose of this Handbook is to provide students with an overview of key developments in queer and trans feminist theories and their significance to the field of contemporary performance studies It presents new insights highlighting the ways in which rigid or punishing notions of gender sexuality and race continue to flourish in systems of knowledge faith and power which are relevant to a new generation of queer and trans feminist performers today The guiding question for the Handbook is How do

queer and trans feminist theories enhance our understanding of developments in feminist performance today and will this discussion give rise to new ways of theorizing contemporary performance As such the volume will survey a new generation of performers and theorists as well as senior scholars who engage and redefine the limits of performance The chapters will demonstrate how intersectional queer and trans feminist theoretical tools support new analyses of performance with a global focus The primary audience will be students of theatre performance studies as well as queer gender studies The volume's contents suggest close links between the formation of queer feminist identities alongside recent key political developments with transnational resonances Furthermore the emergence of new queer and trans feminist epistemologies prompts a reorientation regarding performance and identities in a 21st century context
