Are you stressed by the clutter of your living space and feel like your mind is cluttered as a result? If so, *Minimalist Living* by Nicholas Morris is THE book for you. It covers all you need to know about how to start living a minimalist lifestyle. Minimalist living is all about being content and satisfied with what you have rather than pursuing desperately after what you want. According to a statistic reported in the LA Times, each American family has on average 300,000 items in their home. Many of these items we forget about underneath piles of other objects. The Wall Street Journal reports that Americans spend 1.2 trillion a year on non-essential items. This causes a great deal of clutter in our homes and in our minds as we lose almost 200,000 items in our lifetimes on average. How can we start to control this growing problem and keep our minds, homes, and lives free of clutter? Minimalist living is the answer that will bring meaning back into a life that has been based on material accumulation. What separates this book from the rest? This book teaches you those things along with everyday applications and questions to help you put what you learn into action.
