## **Strategy And History:**

**Strategy** Lawrence Freedman, 2015 One of the world's leading authorities on war and international politics synthesizes the vast history of strategy's evolution in this consistently engaging and surprising account of how it came to pervade every aspect of life [Strategy and History](#) Colin S. Gray, 2007-01-24 This book comprises some of the most important contributions to the strategic debate over the past thirty years by a leading theorist and practitioner *Strategy: A History (getAbstract Summary)*, 2019 Review the history of strategy the art of creating power in this audio only summary of the book by Sir Lawrence Freedman a leading authority on war and strategic analysis Freedman discusses the universality of strategic thinking and proceeds to lead readers on an expedition through the history of the Western world tracing the development of strategic thought in warfare politics and 476536564 One of his major themes is that even the best strategy can do no more than attempt to subdue a complex and recalcitrant world This audio only summary from getAbstract distills the most important lessons from his book As Freedman writes Strategy is about power and how to create it but it is also about the ability to understand the limitations of power This audiobook summary was created by getAbstract the world's largest provider of 476536564 book summaries We are pleased to offer this training in our library [History and Strategy](#) Marc Trachtenberg, 2020-09-01 This work is a powerful demonstration of how historical analysis can be brought to bear on the study of strategic issues and conversely how strategic thinking can help drive historical research Based largely on newly released American archives History and Strategy focuses on the twenty years following World War II By bridging the sizable gap between the intellectual world of historians and that of strategists and political scientists the essays here present a fresh and unified view of how to explore international politics in the nuclear era The book begins with an overview of strategic thought in America from 1952 through 1966 and ends with a discussion of making sense of the nuclear age Trachtenberg reevaluates the immediate causes of World War I studies the impact of the shifting nuclear balance on American strategy in the early 1950s examines the relationship between the nuclearization of NATO and U S West European relations and looks at the Berlin and the Cuban crises He shows throughout that there are startling discoveries to be made about events that seem to have been thoroughly investigated *Strategy and History* Edward Luttwak, 1985-01-01 [The Decisive Wars of History](#) Sir Basil Henry Liddell Hart, 1929 **China's Maritime Power And Strategy: History, National Security And Geopolitics** Hailong Ju, 2015-04-08 This book conducts a comprehensive study on China's maritime strategy It discusses the lessons of maritime power history that must be learnt by Chinese today the relations between China's maritime strategy and domestic developing problems of China the status and influence of maritime strategy from China's overall development strategy perspective and the geopolitical targets of Chinese navy in 2050 China's maritime strategy is one of the most important academic and realistic subjects in the present and future This book is the first book to discuss China's maritime strategy comprehensively in and outside China It will give readers a better sense of why China has to develop its sea power

why it lays so much emphasis on Taiwan and the South China sea why the country can make friends with India but not Japan and why China's maritime strategy will never challenge America but has to face the pressure from America's maritime hegemony and so on
