

Street Justice

Chuck Zito, Joe Layden

Street Justice:

Street Justice Bruce A. Jacobs, Richard Wright, 2006-05-22 This study examines the structure process and forms of retaliation in contemporary urban America where street criminals employ it instead of recourse to the criminal justice system It explores retaliation from a first hand perspective based on interviews with currently active street criminals rather than prisoners

Street Justice Chuck Zito, Joe Layden, 2003-12-17 The story of the former Golden Gloves boxer and actor describes his coming of age on the streets of New York presidency of the Hell s Angels experiences as a celebrity bodyguard and television career

Street Justice R. N. Scott, 2004-12 After the world narrowly avoids World War III F B I agent Mark Tice turns to politics in his search for justice Mark comes from a past that is gradually revealed in periodic visits to the catacombs of St Jude s Cathedral Politics crime terrorism greed corruption and their counterparts dominate the present as Mark travels a parallel journey in unexplained visions revealing similar circumstances in the fall of all the great Empires of old Mark struggles with the problems of the present in fear that the evils of the past are following in the shadows possibly in the form of those he considers friends On his lonely journey Mark meets Jennifer Hewitt who is the reincarnation of his love from a time and place whose existence is in question Jennifer s family becomes the center of his life s quest As political success grows an important question must be answered The appearance of police brutality and corruption is the focus but how legitimate are the complaints Jennifer s brother Tony is a rookie police officer who gives life to the world of law enforcement Terrorism political correctness liberal forces and greedy businessmen jeopardize the stability of the country A select somewhat clandestine group debate these problems on several visits to the Hewitt household Suspicious deaths and disappearances of prominent people cause great concern throughout the country Mark and those close to him fear a plot revealed on the grave of a police officer killed by terrorists has been put in motion Mark needs to find a just society while some of those close to him want a society of their own making The consensus is the final result will be Street Justice If justice and security are not found within the confines of the law justice must be administered on the streets Governments must be strong in order to keep justice on the side of right When governments fail to protect the law abiding there is no law no security and no justice This is the story line but the point I am trying to get across is that the failures of the past are becoming evident in the present and making the future predictable

Street Justice Marilyn S. Johnson, 2004-10-31 Street Justice traces the stunning history of police brutality in New York City and the antibrutality movements that sought to eradicate it from just after the Civil War through the present New York s experience with police brutality dates back to the founding of the force and has shown itself in various forms ever since From late nineteenth century clubbing the routine bludgeoning of citizens by patrolmen with nightsticks to the emergence of the third degree made notorious by gangster movies from the violent mass action policing of political dissidents during periods of social unrest such as the 1930s and 1960s to the tumultuous days following September 11 Yet throughout this varied history the victims of police violence have

remained remarkably similar they have been predominantly poor and working class and more often than not they have been minorities Johnson compellingly argues that the culture of policing will only be changed when enough sustained political pressure and farsighted thinking about law enforcement is brought to bear on the problem
