Mannequin Ch'oe Yun,2016-11-23 Ch oe Yun s Mannequin is a novel that reflects on the meaning of beauty and its many facets of existence The beauty of the main character Jini is captured through a carefree imagination that describes it as the music of the wind or something that can t be described in words Through the beauty that penetrates and captivates us in fleeting moments the novel leads us to critically reflect on the question of what true beauty is in a world where people are captivated by the beauty of advertising models in a flood of new products In that respect Mannequin as the title implies is a sad allegory on a capitalistic society in which a woman s body artificial and standardized becomes a product **The Lost**
