The Little Red Boat:

The Journey of the Little Red Boat George Smith Publishing,2005-10 **SPIKE ... The Amazing Chicken** George Smith,2005 **Cape Cod Summers** Paul Vaughn,2003 Cape Cod Summers and more as envisioned through the perceptive eyes and humorous wild imagination of a young boy who grew up and out of his New England childhood short pants as Paul Fithian and into his Californian long pants as Paul Vaughn The poignant pictures Vaughn paints with words jog the memory of many who remember their own youth on the Cape during the mid 20th century Other vignettes are unique to this last of three boys whose family traces back to at least the dingy beside the Mayflower A boy whose New England heritage was ingrained in his heart and soul enough that he often imagined his Puritan ancestors in their black buckled hats looking over his shoulder whenever he was doing something not quite right which was often It makes no difference where on the Cape these scenes take place but only that the Cape melds mentally and physically with this youngster as he struggles to find his own self in his own world These Cape images create scenes of a yesteryear bringing smiles chuckles and outright laughter to those who have also left their hearts on Cape Cod and to those doing so at this very moment *Curious Reader Series* George Smith,Lumos Learning,2018-09-19 Curious Reader Series The Journey of the Little Red Boat **The Green Turkey and Other Holiday Classics** Edwin Danowski,2007-05-21 Some books you purchase for the younger generation in your family and some you purchase for yourself This is truly one book you will want to purchase for both New holiday classics touching the mind s eye for the young and young of heart are here for sharing and then reading again and again year after year The author shares with you magical journeys of imagination which he wrote over the years for his children and grandchildren nephews and nieces and now at the urging of his family he shares them with you It doesn t end there This is also a treasure chest to serve all generations with its many special reflections from the heart It concludes with three special pieces sure to touch your heart dedicated to those who died on 9 11 and to their survivors *Never Look Back* Marilyn Parman,2010-04-01 NEVER LOOK BACK is the author s first book It is a fictionalized memoir most of which is based on actual events in her life and which has been riddled with tragedies abuse and crime against her family as well as extreme crime against two of her daughters and against her mother who was murdered Her husband dies in the end the crowning blow to her character Marion Whitehead however Marion re structures her life and enters the music business again as a virtuoso soloist and chamber ensemble musician primarily after thirty years in retirement due to her latent guilt relative to her daughter s being kidnapped while Marion was on her concert tour *Self and Story in Early Childhood* Hugh Crago,2022-09-22 Our children grow up into a world of stories in books on screens but what do they make of the stories we offer them What do they think and feel as they listen to a parent read a picture book What if a story confuses or upsets them Over the past fifty years several intelligent committed mothers undertook the onerous task of recording exactly what their children said and did in response to the stories they shared Some of their records extended over five years or even longer

Their research done without funding or academic supervision offers us unparalleled insight into children's minds long before they learn to speak let alone learn to read In *Self and Story in Early Childhood* Hugh Crago draws on his unusual combination of expertise in literary studies developmental psychology and psychotherapy to re-examine the startling implications of this neglected body of evidence He highlights how much children can achieve without formal teaching but with the supportive presence of a trusted adult who will participate with them in the story experience This book will be of great interest to scholars of developmental psychology early literacy and narratology as well as to professionals working with preschoolers Most of all it will fascinate parents who themselves share stories with their child [Read-aloud Stories](#) J.C.
