Preface The likelihood of a favorable acceptance of the astounding revelation to be made in this essay will be considerably heightened if the epochal disclosure is preceded by sufficient prefatory exegesis to present it in its proper frame of reference So incredible is the true esoteric elucidation of the lost meaning of the Scriptures of Christianity that the immediate reaction will generate the demand to know what historical circumstances or developments could have led in the first place to so fateful a loss of vital knowledge once possessed It will therefore be judicious to begin the exposition by presenting certain items of the historical background as necessary and highly enlightening introductory matter This explanatory material must begin with the broad blunt statement that what is commonly believed about the Bible as a book its date authorship and inspiration is all quite erroneous Let us be explicit in this the solid bulk of common belief about this book is totally untrue There is scarcely a single item of the common man s presuppositions about the Christian Scriptures who wrote its books when it was written how the composition was dictated or inspired what its message really means in what language it was written what is its assumed historical reference how and why these particular books were selected out of hundreds to become the Bible and other subsidiary questions by the score that comes within the proverbial mile of the actual truth concerning this mysterious document that for centuries has held the minds of millions under the prodigious obsession of its inviolable sanctity The grim and sober truth must now be stated that all general ideas about this volume disseminated among the masses by the priests of the religions and never corrected by them are totally grossly tragically false to fact *The Christian Science Journal* ,1909 **Mormon Hermeneutics** Jeffrey S. Krohn,2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning Positively the LDS is to be applauded for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics **Liberal Review** Mangasar Mugurditch Mangasarian,1904 Rob Wagner's California Almanack Rob Wagner,1922 *The Choir* ,1918 *Religious Books, 1876-1982* R.R.
