

WINTER SAFETY TIPS

BE PREPARED. BE SAFE.

Employees play a key role in preventing slips and falls by being aware of their surroundings and making good decisions. Get ready for the change in weather conditions with these tips.

Walk like a penguin. Use **SHORT, SLOW** steps. Focus on your footing and watch where you walk.

Free up your hands. Don't use your cell phone while walking. Use a carrying case with a shoulder strap for laptops and files.

Use authorized paths. If it's not clear of snow, don't use it. No shortcuts.

Be aware of changes in walking surfaces. Many falls are caused when people don't realize they're leaving non-slippery surfaces for slippery ones.

Step down and not out when getting out of a vehicle. Swing both legs out. Place both feet on the ground using hands for support.

Wear appropriate footwear - no high heels or smooth-soled shoes.

If you observe a snow or ice hazard on campus, report it to Campus Security at ext. 2400 or 905.721.3211 and provide the exact location and situation.

Use handrails on stairways keeping three - point contact and don't rush.

Step down off curbs, not out. Landing heel first instead of flat footed can cause a fall.

Barricades are erected for a reason. Don't go over them; there could be dangerous conditions on the other side.
