Sister Republics:

The Political Culture of the Sister Republics, 1794-1806 Joris Oddens, Mart Rutjes, Erik Jacobs, 2025-10-01 Leading historians of the French Batavian Helvetic Cisalpine and Neapolitan revolutions bridge the gap between the historiographies of the so called Sister Republics They explore political culture as a set of discourses or political practices Parliamentary practices the comparability of universal political concepts late eighteenth century Republicanism the relationship between press and politics and the interaction between the Sister Republics and France are studied from a comparative transnational perspective

The Sister Republics ,1906 **Sister Republics** Patrice L. R. Higonnet, 1988 Exploring the backgrounds of the American and French revolutions Higonnet finds that dominant American ideology welded together strands of individualist and communitarian thought under an umbrella of virtue while most Frenchmen by contrast were still suspicious of economic individualism Whereas in America both the rights of the individual and the interests of the community were protected in a pluralistic Federal system in France these two forces remained at loggerheads This resulted in politics of consensus in America and generated political conflict in France ISBN 0 674 80982 3 27 50 *Our sister republic: a gala trip through tropical Mexico in 1869-70* Albert S.
