 ,1885 **Children in Chaos** Leonard Harris,Thomas Harper,Matthew Lipman,1991 *Children in Chaos* explores the
 implementation of Philosophy for Children in four Washington D C public schools between 1987 and 1989 It provides
 commentary and arguments by district superintendent Thomas Harper Philosophy for Children creator Matthew Lipman and
 the editor the philosopher and founder of Philosophy Born of Struggle Leonard Harris as well as selections of in class diaries
 from teachers using the Philosophy for Children program As Harris explains These schools are located in historically strong
 middle and lower middle class African American communities facing the relative new growth of social fragmentation drug
 use and adolescent crime Lipman argues that Philosophy for Children is uniquely relevant to the educational needs of this
 populations because children who come from disadvantaged underprivileged families need educational programs that offer
 them cognitive skills that can emerge out of their already impressive linguistic competencies that help them think for
 themselves and provide them with a sense of belonging a sense of community and because the community of philosophical
 inquiry seeks instead to establish an atmosphere of mutual respect intellectual openness freedom to question and criticize
 and courage to confront whatever enigmas life has to offer Harris argues that the teaching of critical thinking should be
 situated within the context of a redefined educational mission suited to both the resistance tradition of African American
 culture and the pariah of postmodern cultural chaos **Ladies' Home Journal and Practical Housekeeper** ,1898
