The Little Cooking Pot:

Little Cooking Pot Robin Taylor,1997-03-07 **A Year Full of Stories** Angela McAllister,2016-10-06 This treasury of 52 stories collects together a rich resource of myths fairy tales and legends from around the world with a story for every week of the year The book is broken into 12 chapters for each of the 12 months of the year and throughout stories are matched to internationally celebrated dates including Valentines Day and the International Day of Friendship as well as seasonal events and festivals Collected and retold by award winning author Angela McAllister and illustrated by internally recognised artist Christopher Corr this is a book that will be treasured by families and appeal to teachers and librarians around the world

Casualties of Causality Peter Dahler-Larsen,2022-11-07 This book offers a critique of the present status of the concept of causality in the social sciences The Causality Syndrome consists of a belief in causal studies as more important than other studies a narrow definition of causality and rules of thumb regarding how to make causal claims The book argues that the present dominance of this syndrome has considerable downsides and presents a challenge to social science The book dissects the many interconnected ideas which undergird this syndrome and offers an intellectual home for advanced students researchers and others who are concerned about the present dominance of The Causality Syndrome The book critically discusses whether causality deserves the central position in social science that its advocates desire The text shows how methodological rules about causal inference are used to protect causal studies from critique even in situations where these rules are not followed It is argued that institutionalization of these rules as symbols of good and trustworthy social science is highly problematic and comes with a price One of the casualties of causality is that there is less motivation to study complex and pressing issues in society which do not lend themselves to causal study designs The sections are short The argument unfolds in a lively engaged form with examples from many fields including public health evaluation and organizational studies The case examples include classical experiments as well as contemporary research e g studies of the effectiveness of restrictions targeting the spread of coronavirus

Shepherd's Crowns Pamela Grey,viscountess Pamela Wyndham Grey Grey,1923 *Ladybird Stories for Four Year Olds* ,2020-09-17 This enchanting collection of six classic stories and fairy tales is perfect for sharing with your little one Each tale in this treasury is beautifully illustrated making this an ideal gift Includes The Gingerbread Man Goldilocks and the Three Bears The Three Little Pigs Cinderella Puss in Boots The Magic Porridge Pot Also available Ladybird Stories for Five Year Olds
