G. Zerilli,2025-04-25 A critique of the concept of truth presupposed by the post truth debate and a bold new vision for a more pluralistic citizenry We say that we live in a post truth era because disinformation threatens our confidence in the existence of a shared public world Affirming objective truth may therefore seem necessary to save democracy According to political theorist Linda M G Zerilli such affirmation can stifle political debate and silence dissent In fact Zerilli argues that the unqualified insistence on objective truth is as dangerous for democracy as denying it Drawing on Arendt Foucault and Wittgenstein A Democratic Theory of Truth challenges the concept of truth presupposed by the post truth debate It argues that we the people have an essential role in discovering and evaluating any truth relevant to the political realm The result is a striking defense of plurality dissent and opinion in contemporary democratic societies **Indian Metaphysics in Lawrence Durrell's Novels** Ravindran Nambiar,2014-01-08 In this study of the influence of Indian metaphysics on Lawrence Durrell s novels Professor Nambiar offers a unique milestone in the history of Durrellian criticism Embracing Durrell s search for universal awareness through Western and Indian metaphysics the book presents a new metaphysical reading of the writer s prose that has remained untapped until now Exploring Durrell s quest for a new reality through fiction Nambiar focuses in depth on The Avignon Quintet and questions the complex symbolic patterns that shape the polymorphous characters peregrinations through space and time With much subtlety modesty and wit Indian Metaphysics in Lawrence Durrell s Novels opens up the mysterious doors of the kingdom of the imagination *The Complete Works of Josh Billings (Henry W.
