Winning Horseplayer:

The Winning Horseplayer Andrew Beyer,1983 **The Winning Horseplayer** Andrew Beyer,2007 This advanced guide to handicapping which includes a new Foreword by the author is chock full of the wit and wisdom that have made Beyer a legend in the sport The Winning Horseplayer offers the sophisticated bettor invaluable advice on handicapping and betting Beyer is the grand guru of handicapping Boston Globe **Horseplayer** Bill Peterson,2014-01 How badly do you want to be a successful horse player Are you passionate and ready to step up to the next level Start by thinking of yourself as a horseplayer and think of playing the horses as a business Bill Peterson has been playing the races for decades and will guide you race by race through the process of finding the right races to play evaluating the runners creating a hierarchy of probability and finally matching the right win or exacta bet to the race This is not a book of theory but an actual workbook that will teach you the complete process You will learn to avoid some races while playing the races that you have a chance to win Learn to handicap the race to determine each horse's ability and then match the right betting strategy to the race with this complete guide *The Psychology of the Winning Horseplayer* Tom Hagerty,2008-12-15 The qualities of mind the professional gambler must have are analyzed here Having a good method of selection and sound money management skills are not enough to keep a horseplayer in the black Betting on Horse Racing For Dummies Richard Eng,2005-04-01 How to enjoy a day at the races and bet to win The last two years have seen a record number of Americans tune in for climatic Triple Crown races featuring Smarty Jones and Funny Cide in 2004 television viewership jumped a whopping 61 percent over the record set in 2003 and the Belmont Stakes race itself drew a record crowd of more than 120 000 This easy to understand guide shows first time visitors to the track how to enjoy the sport of horse racing and make smart bets It explains what goes on at the track what to look for in horses and jockeys how to read a racing form and do simple handicapping how to manage betting funds and make wagers that stand a good chance of paying off Complete with coverage of off track and online betting it's just what anyone needs to play the ponies and win Richard Eng Las Vegas NV is a racing writer and handicapper for the Las Vegas Review Journal a columnist for the Daily Racing Form and the host of a horseracing radio program in Las Vegas He was formerly a part of the ABC Sports team that covered the Triple Crown My \$50,000 Year At The Races Andrew Beyer,1980-04-01 In 1977 before he was known as the creator of The Beyer Speed Figure Andrew Beyer set out on a gambling odyssey determined to prove himself as a horseplayer He would marshal all his handicapping skills for assaults on four racetracks Gulfstream Park Pimlico Saratoga and the Barrington Fair The then thirty three year old Harvard dropout had the credentials for this undertaking two years earlier his book Picking Winners had won a claim from bettors and critics alike But the theory of handicapping and the practice of it are two very different things and Beyer did all he could to prepare himself for this new challenge He consulted with other professional horseplayers He undertook detailed analyses of trainers and their methods He refined his speed handicapping techniques He developed a revolutionary method for evaluating horses

shipped from one track to another He formulated a bold betting strategy During the year he experienced the dizzying thrill of winning more than 10 000 in an afternoon and agonizing frustration that drove him to bash a hole in the wall of the Gulfstream Park press box When it was over Beyer had amassed a profit of 50 664 His account of the year offers a rare unromanticized look at the world of professional gambling For horseplayers who have dreamed of beating the races he proves that the dream is sometimes attainable And he explains in specific detail how it can be done There are no gimmicks in My 50 000 Year At The Races Instead there is a proven method of beating the races and Andrew Beyer s marvelously entertaining story of how he put it in practice

Racetrack Betting Peter Asch, Richard E. Quandt, 1986 A day at the races with its colorful variety and fact paced action appeals to people from all walks of life Not surprisingly the idea of going home with a few more dollars than when one arrived is part of horseracing s charm In this entertaining but substantive volume two distinguished economists who happen to be horseracing buffs outline a tested strategy for placing bets that will increase the reader s chances of a happy outcome at the track The authors are the first to point out that getting rich at the racetrack is unlikely They do maintain however that with attention to their systematic approach the racing fan can achieve the best possible chance at winning In the process the reader learns some of the most important measurement techniques in the social sciences as well as the basic methods of market analysis

Beyer on Speed Andrew Beyer, 2007 Written in Beyer s clean rapid fire prose this book explains how to relate speed figures to such factors as pace track bias and track conditions It discusses exotic wagers such as the pick six and reveals optimal uses of the figures based on computer analysis of more than 10 000 races Blending colorful anecdotes it presents a revolutionary way to play the horses
